

Mohamed Mahfoudh Bouna

Data Science Student - Web Developer

Profile

Enthusiastic recent graduate in Computer Science specializing in Big data and Data Analytics, with over two years of experience and outstanding skills in web development, equipped with a solid background in graphic design. My skills in web development and data science fuels my passion for creating a digital world full of innovation.

Education

Present
↑
2024/04

German Language Course (Preparation for Master study in Germany)

Mariaspring LHVHS - Clausthal-Zellerfeld, Germany

2023
↑
2020

B1.1 Bachelor's Degree in Computer Science, Specializing in Big Data and Data Analytics

Central School of IT - Central Univesity, Tunis - Tunisia

Courses and Achievements:

- Data analysis and data visualization, Mathematics and statistics, Advanced technology and algorithms for machine learning and deep learning.
- Proficiency in multiple programming languages: Python, Java, JavaScript, C and C++, PHP, MATLAB, SQL, MongoDB.
- Honoris 21st Century Skills Certificate.

2020
↑
2019

Mathematics Baccalaureate

Annexe School, Nouakchott - Mauritania

Courses and Achievements:

- I ranked 86th nationally.
- Mathematics, Physics and Science .

Experience

2023/06
↑
2023/02

Internship End of Study Project (Data Science)

RIBAT IT-SOLUTIONS, Nouakchott - Mauritania

- *Title Of Project:* Recruitment Process Automation by Sorting Resumes Using Deep Learning Algorithms.
- I develop cross-platform applications using python-flask and web technologies, and Develop an intelligent model using DL algorithms and NLP techniques to automatically analyze job applicant resumes and organize them based on the required job skills.

2022/09
↑
2022/07

Summer Internship (Web Developer)

Rim Interconnecting System (RIS), Nouakchott - Mauritania

- I created an online application enabling remote appointment scheduling with banking advisors.
- Gained proficiency in various web technologies, including Angular, Typescript, and databases.
